TREND MEDICAL SPAS HERE, THREE NEW SPOTS WHERE YOU CAN GET A FACIAL—AND A CHECKUP.

● Inspired by traditional Chinese medicine, the Chuan Spas at Pasadena, California's **Langham Huntington** and Shanghai's **Langham Yangtze Boutique** (langhamhotels.com; treatments from \$130) offer Eastern healing techniques like cupping and acupuncture. ● The Northwest Face Spa at the **Woodmark** (thewoodmark.com; treatments from \$125), on Lake Washington near Seattle, aims to diminish the signs of aging with a dual approach: chemical peels, laser skin-tightening, and other noninvasive treatments followed by chocolate and cucumber-butter body wraps. ● Complete with a "day hospital" and 58 spa rooms, the 120,000-square-foot Malo Clinic Spa, at the **Venetian Macao Resort Hotel** (venetianmacao.com; treatments from \$60), combines diagnostic services with treatments such as hydrotherapy, Botox injections, and cosmetic surgery.—NORA ZELEVANSKY
